Hi, my name is Mark and I love skydiving. It's an exciting sport.

I started five years ago. I jumped from 900 metres and now I jump from more than 3,500 metres. Skydiving can be a hobby or a competitive sport. I have taken part in some competitions and I would like to continue. I've practised a lot in France and Italy. I've won the French Skydiving Championship. Next year I want to go to USA, there is an important competition in California in May.

I feel wonderful when I'm flying in the air. Of course, it's an extreme hard sport but I've never had a really bad experience. People think that skydiving is very dangerous but in fact cycling or motor racing are more dangerous.

I have tried other adventure sports before such as caving, ice climbing but skydiving is definitely the most exciting sport of all.
